CHINA HELICOPTER EXPOSITION

The second biggest helicopter exhibition and the only one with a dynamic display in the world

Exciting times ahead for the rotor world in China...

Dramatic changes are on the horizon for the rotor world in China. Current trends are shifting and recent forecasts predict a significant boost for helicopter production, maintenance and construction in China. But why?

- Increasing demand for more helicopters both in the public & private sector
- Air spaces opening gradually
- Implantation of major international aircraft constructors in China
- Boost in tourism: leasing companies rising need for helicopters
- Civil Aviation: taking passengers to remote places without runways

With current forecasts predicting a sharp increase in helicopter demand, as well as China's increasing prominence on the world rotor stage, China Helicopter Exposition is an unmissable event for rotor aircraft professionals globally.

Event Features

/ Showcase

China Helicopter exhibition offers rotorcraft professionals the ideal opportunity to exhibit their applications, capabilities and products.

/ Flight Demonstrations

The latest innovations will be showcased in **real flight** demonstrations from prime international and Chinese companies.

/ Conferences/Workshops

China Helicopter Exposition has an exceptional conference and workshop program which provides professionals with the opportunity to **discover new innovations and applications**, as well as learn about new market developments and challenges

/ One-to-One Meetings

Each registered participant will receive a **personalized, pre-arranged meeting schedule** 100% based on your own **personal selection of companies**. Save weeks of canvassing time and meet targeted rotorcraft professionals in just 2 days.
